

Dear Parents,

Welcome to Class One. We hope you all had a really good summer.

In Year One the children will be following a creative curriculum. The topics will provide an interesting and hands on stimulus through which your child can learn. This half term we will begin our Under the Sea topic in Week 3. The final week of this half term will be the first of four 'Nature Detectives' weeks that will take place over the course of the year. After half term, our topic will be 'Celebrations'. Most curriculum subjects will be covered within topic sessions, with the exception of Maths, and some of the PE, RE and Music session.

We will put a copy of our topic web and timetable on the class blog at the start of each new topic so you can find out more about what your child will be learning.

Reading and Phonics

The teaching of reading is a combined effort between child, teacher, parents and TAs. All children participate in Guided Reading sessions each week and it is hoped that they will be heard individually at least once a week either by a teacher or a TA.

As soon as reading levels have been assessed your child will be given new books each Thursday. Please encourage your child to read for a few minutes each night at home, daily practice is better than reading a whole book in one go. When you listen to your child read, please comment and sign their reading record as this provides us with the information we need to effectively assess their reading. Please note that we will change books weekly, so if your child has finished their selection of books before Thursday we would encourage them to read their own books or library books to gain wider reading experience. These books can also be recorded and commented on in your child's reading record book.

We will be teaching a focused phonics session in class, 4 times a week. Your child may also be given key words or flashcards to look at with you at home. Please practise with them so that they recognise them (quickly) by sight.

P.E

In term 1, our P.E lessons are timetabled for Wednesdays and Thursdays. Please make sure your child has their full P.E kit in school for the whole week as occasionally the timetable may need to change.

Please ensure **ALL** items of school clothing and P.E kit are labelled as this reduces the anxiety the children experience when they mislay a shirt or pair of shorts. P.E sessions may take place outside so your child will require dark coloured tracksuit bottoms/leggings and plimsolls or trainers.

Homework

Further information regarding homework will be given out shortly.

Outdoor area

We will often be taking the children outside into the outdoor area so please ensure your child has a named sunhat and raincoat in school every day.

If you would like to discuss anything concerning your child please do not hesitate to make an appointment to see us.

Kind Regards

Miss Rahman, Mrs Bennett, Mrs Hodgekinson and Mrs Hyde
