

Year 6 Grid Homework

Choose your homework from the list below:

The Peri-ometer suggests the difficulty or challenge the homework may offer.

- You should hand work one piece of work in every week (by Friday)
- Every term you should attempt **at least one 'EXTRA HOT'** task, you can have 2 weeks for this
- You may choose the same task twice as long as it is on a different topic

<p>Create a TV or radio newscast of one of our topics. E.g. Report on the characters in the class story as if they are real events.</p> <p>Report on space or volcanism as if it is a new discovery.</p> <p>Report on how the use of subordinate conjunctions acting as adverbial clauses are changing the face of society and leading to world peace...</p>	<p>Choose a scene from the class book. Act it out and film your results.</p>	<p>Write a description as if you are experiencing one of our class topics first hand. E.g. Traveling around a volcano or arriving on a different planet.</p> <p>Waking up to find that you are actually in Reckless, perhaps standing in front of a Goyle</p> <p>Being an adjective hopelessly lost in a complex sentence and desperately trying to find a noun to modify...</p>
<p>Use definitions for the class spellings to write a short passage or story.</p>	<p>Conduct some research of your own into one of our topics. Presentation might include a poster, an information booklet or a PowerPoint.</p>	<p>Create an alternative direction for the story line of the class book.</p>
<p>Write a poem, rap or song that summarises a topic that we have been learning about.</p>	<p>Take a paragraph of writing and try to map out each sentence. Even though there may be some elements that we still haven't covered yet, how many elements can you actually identify?</p>	<p>Explain a maths concept as clearly as possible.</p>
<p>Create a poster summarising what we have learnt recently in one of our lessons.</p>	<p>Research ten new facts to share with the rest of the class.</p>	<p>Make sure that your Times Tables are sharp both forwards and backwards. E.g. $6 \times 8 = 48$ and $48 = ? \times 8$</p>
