

Science

Identify, name, draw and label the basic parts of the human body and say which part of the body is associated with each sense.

We will be doing experiments to test our sense and identify how we use them.

ICT:

We will be learning to use a search engine and research facts about our history topic.

History

The lives of significant individuals in the past who have contributed to national and international achievements.

We will be finding out about the following individuals and the journeys they made throughout history.

Christopher Columbus

Neil Armstrong.

Florence Nightingale

Mary Seacole

DT and Art:

We will be making Maps in relation to our topic and the areas we are exploring in geography

Journeys Class One

Geography

Identify seasonal and daily weather patterns in the United Kingdom and the location of hot and cold areas of the world in relation to the Equator and the North and South Poles

Literacy

We will be focusing on writing a story. We will be looking at how we can make appropriate word choices to make our story/ sentences interesting. The children will then focus on rehearsing their ideas and performing them in groups.

We will also be writing letters and explore the different ways we can write letters, depending on the purpose and the audience.

Maths:

Continuing to use the concrete, pictorial and abstract model, we will be focusing on addition and subtraction of first number 1 - 10 and then numbers 1-20. We will be working on

- Adding together
- Adding more
- How many left
- Fact families
- Finding the difference

All of this will be combined with problem solving challenges .
